Announcement for Doctor of Philosophy (Ph.D.) Assistantship
Dwivedi Forest Sustainability Lab
Warnell School of Forestry and Natural Resources, University of Georgia

Assistantship Description: An assistantship (Ph.D.) for an exceptional student is available at the Dwivedi Forest Sustainability Lab located at the University of Georgia’s Warnell School of Forestry and Natural Resources. The incoming student will model changes in land use in the presence of extreme climate-related events (e.g., hurricanes) at the regional level focusing on the Gulf Coast States in the United States. Additionally, the incoming student will develop a fine-scale urban land use change model projecting urban expansion in the presence of extreme climate-related events. The graduate student will publish findings in refereed journals and complete his/her dissertation within three years from the start date (fall of 2020).

Qualifications: Candidates with related educational background, work experience, or research interest are encouraged to apply. Applications will be reviewed on First Come First Serve basis.

Stipend and Benefits: This position will offer $22,645/year (for three years) as an assistantship and cover $3,243/year (for three years) of student and activity fees. The student will receive a full-tuition waiver; however, the student is expected to pay a matriculation fee of $25. All students on the assistantship are required to have health insurance and a portion of the premium for the University System’s health insurance plan is paid by the University of Georgia.

Application: Information about the Warnell School is available at http://warnell.uga.edu/. Details about the graduate program are available at https://www.warnell.uga.edu/graduate. Details of the application process are at https://www.warnell.uga.edu/graduate/future-students/application-process. Interested candidates are encouraged to email (puneetd@uga.edu) their resume and GRE score to Dr. Dwivedi before applying online.

The University of Georgia is a Land and Sea Grant University located in Athens, GA – a city located about 60 miles East of Atlanta and popularly known as the Classic City due to local music, food, and recreational opportunities all year round. The Warnell School is the oldest forestry school in the southern United States, with about 200 graduate students researching various cross-cutting themes.
