Announcement for a Graduate (Doctoral) Assistantship
Dwivedi Forest Sustainability Lab
Warnell School of Forestry and Natural Resources, University of Georgia

Assistantship Description: An assistantship for a doctoral student is available at the University of Georgia (UGA) Warnell School of Forestry and Natural Resources. The incoming student will pursue doctoral research to a) assess the perceptions of women forest landowners about the sustainable management of forest resources, b) develop typologies of women forest landowners based on their intrinsic motivations, and c) define place attachment of women forest landowners across the SE United States (Georgia, Alabama, and South Carolina). The incoming student will also work closely with Outreach Faculty Members (Warnell School) for undertaking six capacity building workshops for women forest landowners in Georgia. The student is expected to complete his/her dissertation within three years from the start date (Spring 2021/Summer 2021/Fall 2021). Applications will be reviewed on a rolling basis.

Qualifications: Candidates (especially women) with relevant educational background, research, or work experience are encouraged to apply. Undergraduate students with relevant research experience are encouraged to apply, as well.

Stipend and Benefits: This assistantship will pay $25,500/year based on a 45% (about 18 hours/week) appointment. The student will receive a full-tuition waiver; however, he/she is expected to pay a matriculation fee of $25 and mandated student and activity fees totaling approximately $1,145/semester (Fifty percent of the mandated student and activity fees will be reimbursed). All students on assistantship are required to have health insurance. UGA pays a portion of the premium for the University System’s health insurance plan.

Application: Please contact Dr. Dwivedi through an email (puneetd@uga.edu) before applying by attaching a CV and a copy of the GRE score (if available).

The University of Georgia (www.uga.edu) is a Land and Sea Grant University located in Athens, GA – about 60 miles East of Atlanta. The Warnell School (http://warnell.uga.edu/) is the oldest forestry school in the Southern United States. The Dwivedi Forest Sustainability Lab (DFSL) (http://forestsustainabilitylab.uga.edu/) undertakes advanced research on issues that are at the interface of forestry, energy, and society worldwide. Currently, 11 graduate students (8 PhDs and 3 MS) are pursuing advanced research at the DFSL on cross-cutting themes. The University of Georgia is located in Athens, Georgia, also known as Classic City due to local music, food, and recreational opportunities all year round.
